The UK's Leading Provider of Energy Assessment and Retrofit Training

When it comes to developing skills and knowledge in energy assessment, Energy Performance Certificates (EPCs), and retrofitting, Elmhurst Energy are the go-to experts!

With over 30 years of industry experience, we possess the in-depth expertise necessary to provide a high quality and personalised training experience.

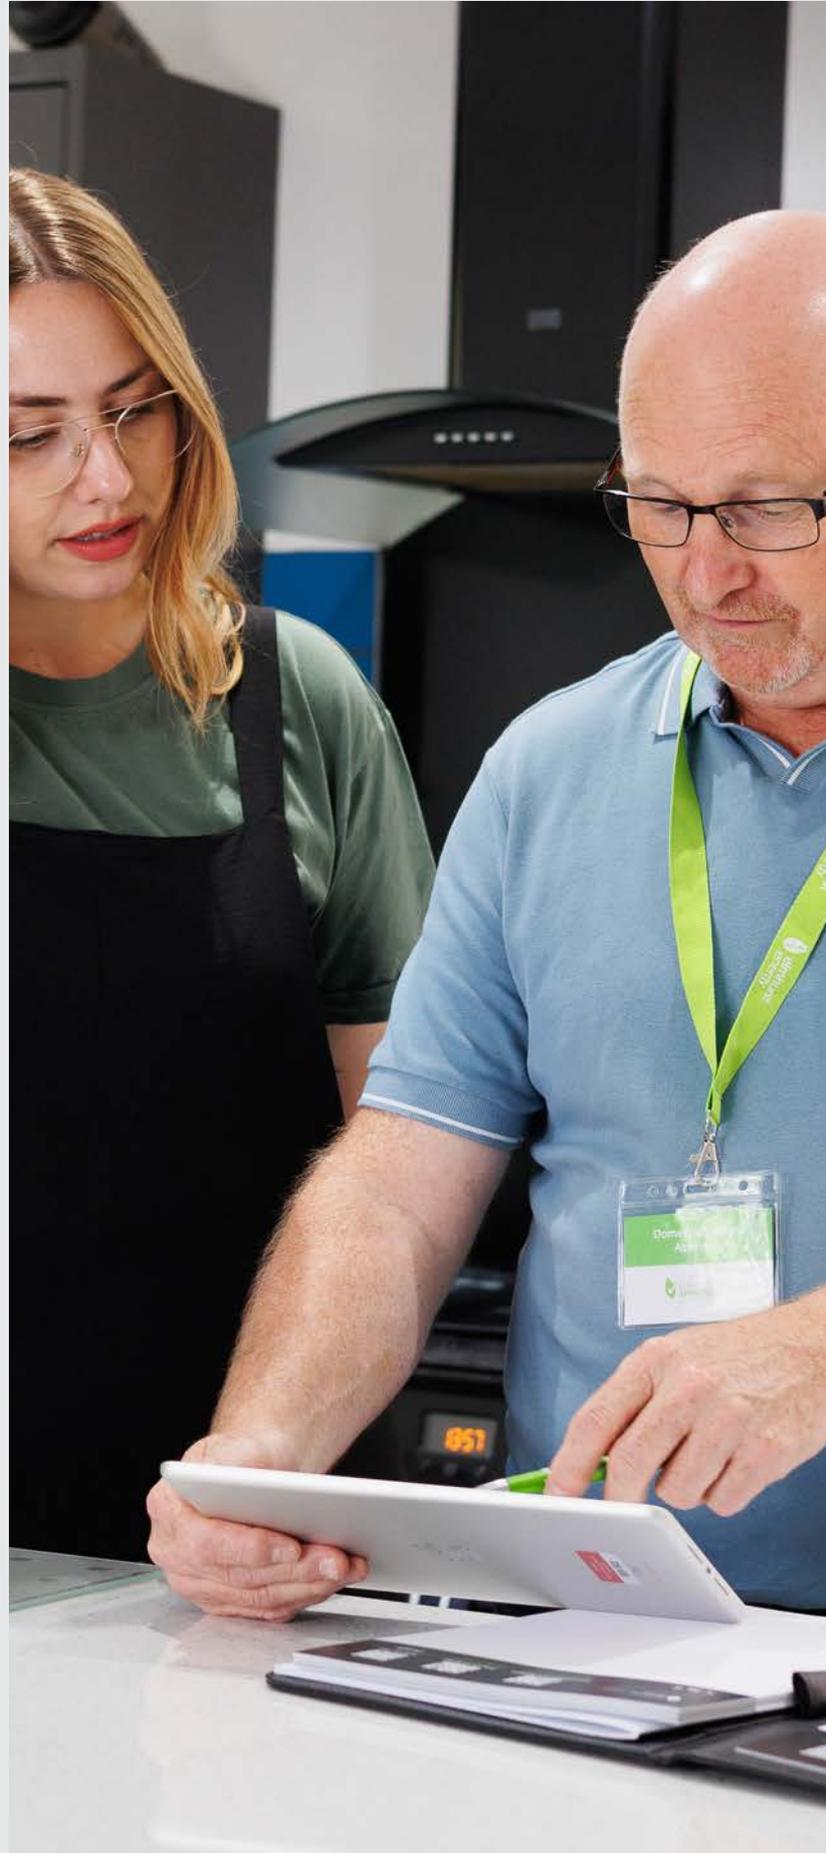

Our comprehensive range of qualification and Continuing Professional Development (CPD) courses are designed to serve both newcomers eager to make their mark in the industry and seasoned professionals aiming to elevate their skills.

We're not just a training provider

As well as being a leading training provider, Elmhurst Energy is also, a government (and TrustMark) approved accreditation body for energy assessors and retrofit professionals.

What does this mean?

Elmhurst Energy's commitment to individuals' success goes beyond just offering courses. We provide ongoing support throughout the learning process and even into your career, thanks to our dedicated technical support team. This unique combination of being both an accreditation body and a training provider means **Elmhurst Energy is more than just a place to learn; we are a partner in your professional growth.**

Our most popular courses

Our Training Quality Promise to you
